Not all banks are the same

Unlike some banks, NAB has not increased its home loan rates by more than 0.25%, in line with the official RBA cash rate increase.

Why? Because we think we can offer a better deal, and have an even better relationship with our customers.

	NAB	Westpac
Standard Variable Rate	5.49% p.a.	5.76% p.a.
Comparison Rate*	5.62% p.a.	5.90% p.a.

*Minimum rate applies as at 8 December 2014 and based on CASH RATE LINKED
